### Info

Alard College of Engineering and Management (ACEM) is set up in 2009 by Alard Charitable Trust is one of the top building schools in Pune. ACEM offers five undergraduate departments of four-year spans namely Mechanical Engineering, Electronics and Telecommunication Engineering, Computer Engineering, Civil Engineering, and Electrical Engineering. Two engineering departments (Mechanical Engineering and Computer Engineering) are putting forth post-graduate projects (ME).

ACEM is recognized by AICTE New Delhi and DTE, Government of Maharashtra and is affiliated with Savitribai Phule Pune University. ACEM is thought to be one of the best building universities in Pune. Alard campus has the benefit of being the most cutting edge and refined head specialized establishment conferring proficient instruction.

ACEM is a unique and counted in the top engineering colleges in Pune and at the national level also. The college is not only dedicated to making an excellent quality of professional engineers but also good human beings who can create a niche for themselves in the society. In a nutshell, ACEM sets benchmarks for excellence and hence produces not only Engineers but the leaders of tomorrow who are ready to face the challenges of this ever-changing and fast-moving world.
